OnChange Event Demo
Good Afternoon
Input Changed: Good Afternoon
The onChange event triggers when you:
1. Type something and then click outside the input box
2. Type something and press Enter
3. The value changes and you move focus away

Double Click Me
Double Click Me
That was a single click. Try double-clicking!
Double clicks: 1
Quickly click the button twice to trigger the double click event.
The message will appear in both the console and on the page.
